

BAR VENTURA

DEVOPS & FULL-STACK DEVELOPER

Rehovot, Israel

Email: barven.dev@gmail.com

Phone: 053-2849123

DevOps Team Leader and Full-Stack Developer.

Experienced in managing complex multi-cluster architectures, Automating pipelines, and leading cross-functional engineering teams in high-stakes environments.

Combines deep technical expertise with strong leadership fundamentals cultivated through military officer training, instructional roles at Basmach.

SKILLS

- **Cloud & Orchestration:** Google Cloud Platform (GCP), OpenShift, Kubernetes, Deployments, Windows & Linux VMs,
- **Infrastructure as Code & Automation:** Terraform, Ansible, Helm, ArgoCD, Gitlab CICD, Github Actions
- **AI:** RAG Architecture & Data Pipelines, Code Assistants
- **Platform Tools (DevEx):** GitLab, Artifactory, Jira, Confluence, QlikSense, Matomo
- **Development & Scripting:** Python, Bash, JavaScript, Java, Full-Stack (VueJS, React, Express, Java Spring), C#, C, Assembly
- **Databases & Caching:** PostgreSQL, MongoDB, Redis, MariaDB
- **Observability & Monitoring:** Splunk, LGTM Stack (Loki, Grafana, Tempo, Mimir)

EDUCATION

College of Management Academic Studies

Bachelor of Science, Computer Science (Ongoing, Jan 2024 – Jan 2027)

IDF Team Leadership Course – LTL

Leadership & Team Leadership Certification (Jan 2025)

Programming Course – IDF

Programming Course, Basmach IDF | Jan 2021 – May 2021

ORT Rehovot

Practical Software Engineering Certificate – Technician Degree (Jan 2020 – Jan 2021)

High School Graduation

Extended STEM Track: (Graduated 2020)

- 5 Units Computer Science
- 5 Units Android Development
- 5 Units Physics
- 5 Units Mathematics
- 5 Units English

WORK EXPERIENCE

DevOps Team Leader

Mamram IDF | Jan 2024 – Present

Led a team of 12 developers, QA and devops engineers managing enterprise-grade developer-facing SaaS platform (including GitLab, Artifactory, Jira, QlikSense, and Matomo).

- **Platform Engineering & DevEx:** Managed and optimized critical development infrastructure to streamline organizational developer experience.
- **AI & Automation:** Architected and deployed internal AI platforms and automation pipelines, significantly accelerating software development workflows and cutting manual operational overhead.
- **Infrastructure Scale:** Orchestrated large-scale multi-cluster migrations, version upgrades, and automated disaster-recovery strategies to ensure absolute system resilience and zero data loss.
- **Technical Leadership:** Mentored and upskilled personnel by running targeted organizational initiatives, including Jira administration seminars and advanced AI capability workshops.

Fullstack Developer

Basmach IDF | Feb 2023 – Sep 2023

- Served as a core fullstack developer for the internal management systems supporting academy training programs.

Programming Course Instructor

Basmach IDF | July 2021 – Feb 2023

- Served as a core programming instructor for intensive technical training programs.
- Evaluated and updated course materials to align with modern industry standards.
- Educated, mentored, and evaluated hundreds of students, ensuring technical readiness.

Martial Arts Instructor

DSJJ Rehovot | 2017 – 2021

- Voluntarily served for 5 years as a certified Dennis Survival Jiu-Jitsu instructor (Black Belt), managing and training diverse groups from ages 4 to 50.
